Subject: RE: TDD Request for NFB Property Boundary Assessment

Thanks for the heads up on CRU. Will do the needful to coordinate the meeting.

Thanks,

Ben Nwosu

Great. Please let me know if you need more info on the property survey. I have the Ludlum 2241 case in my cubicle. I am in the REOC ops room all this week if you stop by.

Also, I ran into Dan this morning and briefed him about my meeting with NY State but did not discuss specifics of CRU. Please try to coordinate that meeting between you, Dan and Lyndsey. My management just confirmed to me this morning that at our last meeting, Lyndsey was supposed to be the HP for all three sites.

Thanks

Thanks Eric.

I arrived safely.

Thanks,

Subject: FW: TDD Request for NFB Property Boundary Assessment
Importance: High

Hi Ben:

I assume everyone else made it back safe as well? Attached/Below is what I sent for the TDD. Please let me know what needs clarification or more specific information.

Thanks

Subject: TDD Request for NFB Property Boundary Assessment
Importance: High

Good Afternoon:

Attached is a TDD Request to sub out a property surveyor. We need to get boundaries identified and physically marked. Property owners also need to be verified for each parcel. I know Weston has performed some of this preliminary work and those documents are attached to the TDD request. However, we need more specifics to identify any further property owners that may be included in this removal action as we continue our assessment work in the woods to determine the extent of contamination. Also in the TDD is a map given to me by the Town of Niagara that illustrates part of the "Joseph Weber" property. If this is an accurate depiction, The Weber Property owners definitely need to be approached regarding our proposed actions.

Regards,

Eric
